

rethink church

. . . because YOU support
Shared Ministry Apportionments

The Office of Connectional Ministries in partnership with United Methodist Communications was able to sponsor four RETHINK CHURCH workshops around the annual conference. More than 850 clergy and laity took advantage of this presentation.

We were able to participate in the launch of United Methodist quadrennial theme RETHINK CHURCH in Manhattan. The 160 volunteers represented every district. The event brought the attention of CBS, and an invitation was issued for the RETHINK CHURCH videos to appear on the 26-by-20 foot “super screen” in Times Square – one of the world’s most trafficked locations. Fifteen-second messages appeared twice every hour – 18 hours a day for two months. **Thanks to your support**, what began as conference workshops became a Manhattan witness and then a witness to NYC visitors from around the world!

**Together We Make a Difference Through
Shared Ministry Apportionments!**
