

making disciples for the world

... because YOU support Shared Ministry Apportionments

One-hundred percent giving to the UMC's seven apportioned funds means supporting our local congregations with youth and camping ministries; the work of the conference office; emergency disaster response; healthcare and pensions for clergy; parish development grants; the maintenance of our archives; communication via The Vision and the web site; and the education and nurturing of young adults, laity, ministry candidates and clergy.

Your generous giving to these apportioned funds enable us as United Methodists to do together what no single church, district or annual conference could do alone.

Thanks to your support, all of this – and so much more – is possible because when we join The United Methodist Church, we promise faithfully to participate in its ministries through our prayers, presence, gifts, service and witness. Paying our apportionments 100 percent, we become a part of something big and accomplish wonderful things in Jesus' name!

**Together We Make a Difference Through
Shared Ministry Apportionments!**
