

# preserving the past

. . . because YOU support  
**Shared Ministry Apportionments**

Historical documents and records keeping are rarely thought of as exciting things. Yet they are important reminders of where we've been and where we are going. Thanks to your continued support for Shared Ministry Apportionments, the C. Wesley Christman Archives and the

Commission on Archives and History hold and preserve this material in sacred trust for the NYAC.

The Christman Archives, located at the conference center in White Plains, N.Y., contains treasures that reflect the history, not only of our denomination but also of our country.

Shared Ministry Apportionments allow the Commission on Archives and History to preserve historic materials and manage the archival collections of our conference. The Archives responds to requests for information from individuals, as well as local churches. Workshops, manuals and on-site help are all available to each faith community and congregation. Contact [archives@nyac.com](mailto:archives@nyac.com) to find out about how your local church can preserve its history and manage its records.

**Together We Make a Difference Through  
Shared Ministry Apportionments!**
