

Together We Make A Difference Through Shared Ministry Apportionments!

Thanks to your support of the extra offerings taken on UM Student Day and World Communion Sunday, students in the New York Annual Conference can receive scholarships and loans for college and graduate school.

Each year at our annual June gathering at Hofstra University, the recipients are announced and honored for their achievements.

World Communion Sunday is one of six Special Sundays that The United Methodist Church provides annually as opportunities to share beyond our regular gifts to our local churches.

Thanks to your commitment, a portion of these funds is then returned to benefit the conference by educating our own UMC students who are considering careers in ministry.
