

## Will you go for us?

Mozambique has made so many positive gains since the end of its civil war. That war was furthered by influences outside the country. But now outsiders are playing a vital role in the rebuilding and development of Mozambique, and there's a place for you in this mission!

Inquire about the conference's VIM missions today. It is an experience of a lifetime.

Facts about...

## MOZAMBIQUE

**Population: 21,397,000**

**Size: approximately the size of California**

**Capital: Maputo**

**Language: Portuguese, various indigenous**

**Currency: Metical**

**Needed: Your service to Christ**

# Mozambique Connection

A Mission of the  
New York  
Annual Conference  
United Methodist Church

**Transform.  
Be Transformed.**

## MOZAMBIQUE – A Chance for Connection, a Unique Opportunity to Serve

Members of a NYAC VIM team surveying a sponsored building site

### Are you being called?

Even if you have a family, career, and community ties, you can be part of an exciting ministry in Mozambique. Our brothers and sisters in Mozambique need something from us, and we need something from them: they need our talents and our knowledge; we need their Christian witness and unparalleled faith.

As a VIM missionary, you will have the opportunity to:

- Experience the Church at its most vital, with worship experiences filled to the brim with the Spirit.
- Have a cross-cultural exchange unlike any other.
- Share your skills and your passions.

What you'll be doing:

- Being an ambassador for Christ.
- Working on construction projects alongside Mozambicans
- Teaching to a very willing, attentive audience, on subjects such as language and computers.

### Oh, the places you'll go...

Our conference has been very active both in the southern and northern areas of Mozambique. We were the first missionary group in the United Methodist Church to begin addressing the needs of the North.

Some places you may visit for mission work (see map on other side):

**Maputo** – the capital, and the center of the southern Mozambique conference

**Cambine** – a United Methodist compound near Inhambane, with an orphanage built and supported by our conference.

**Beira** – currently our most active site, where we are building a Christian fellowship center.

**Lichinga** – the northernmost place where our conference has sent mission teams to do the Lord's work.

### ...and the people you'll meet!

As members of one of the poorest countries in the world, wracked by decades of both revolutionary and civil war, and troubled by repeated flooding, the Mozambican people will amaze you with their vitality of spirit. Being in fellowship with them will change your outlook on life.

### Think Global, Act... Global

Our world becomes smaller every day, and the need for broad, cross cultural understanding has never been greater.

Such understanding starts with each individual. Take a chance - share your gifts, be in a Christ-filled place, be a Christ-filled presence.
