

V. APPOINTMENTS — 2020-2021

Notes:

- The dates listed are the first date that the pastor began serving the church/charge/parish or extension ministry (either as an episcopal appointment or as a supply pastor).
- If the pastor went from serving in a supply position to an episcopal appointment, the date listed is that of the episcopal appointment.
- When churches merge to become a new congregation, the date of the appointment to the merged church is that of the merger.
- Please refer to the Pastoral Service Records in Section XII of this Journal to view all appointments and status changes by clergy. Note: Supply positions are not listed in the Pastoral Service Records.
- The (CC:) listing in non-local-church appointments is the charge conference to which the clergyperson reports.
- Start dates for pastors serving a parish may vary at each of the churches in the parish; see the Pastoral Service Records for more details.
- “Chapel Church” notation defined per a resolution approved at the 2006 New York Annual Conference: supervised by the district superintendent, no pastor appointed, served by certified lay servants, pay apportionments, hold an annual charge conference, and elect trustees and an administrative board.

NY Conference Relationship Key:
